

We are excited to invite you to register for an opportunity to participate in a Focus Group for the superintendent of schools search in our community. As valued members of our educational ecosystem, your input and insights are crucial in identifying the ideal candidate to lead our school district.

The superintendent of schools plays a vital role in shaping the educational landscape and ensuring the success of our students. As such, your participation in this Focus Group will provide a platform for stakeholders to contribute their perspectives, concerns, and expectations for the future of our educational system.

During the Focus Group sessions, you will have an opportunity to provide your insights on the essential qualities you think the next superintendent of the Weedsport Central School District should possess.

These dialogues will focus on various aspects of the superintendent's role, including educational vision, leadership qualities, community engagement, and strategic planning. Your valuable input will help guide the selection process and ensure that the chosen candidate aligns with the needs and aspirations of our community.

To participate in the Focus Group, please follow the link below to the registration form. Focus Group discussions will be held on Wednesday, July 26th. Once the registration period concludes on Friday, July 21st, submissions will be reviewed and participants for each Focus Group session will be notified via the email address provided in the registration form.

We encourage community members from all backgrounds, including parents, teachers, students, and residents, to take part in this unique opportunity. Your involvement will ensure a well-rounded and inclusive selection process that reflects the collective voice of our community.

If you're available and would like to participate, you can find the registration link here:
